

COME & BELONG WITH US

Mental Health Awareness Week Community Event

What does
belonging look like
to you?

Belonging can be a person, a place,
a culture, a community, a feeling...
It can be somewhere you feel
seen, valued, connected
and accepted.

Come along and
add your voice!

Help us create our community
"What Belonging Looks Like" poster
by sharing a word, thought, drawing
or message about what belonging
means to you.

There will be activities, connection,
giveaways and prizes throughout
the day.

As part of Mental Health
Awareness Week, LINC Support
Services is bringing our community
together to celebrate
connection and belonging.
